Programs & Statuses FAQs

How do I remove a program from my shopping cart?

Your application must always have at least one program selected. To remove a program, click the checkmark next to the program name on the “Add Program” tab or click the trash icon on the “Submit Application” tab.

Can I apply to more programs after I submit my application?

Yes, you can apply to additional programs if the deadline date has not yet passed.

Should I submit my application if I'm still waiting on transcripts and/or references?

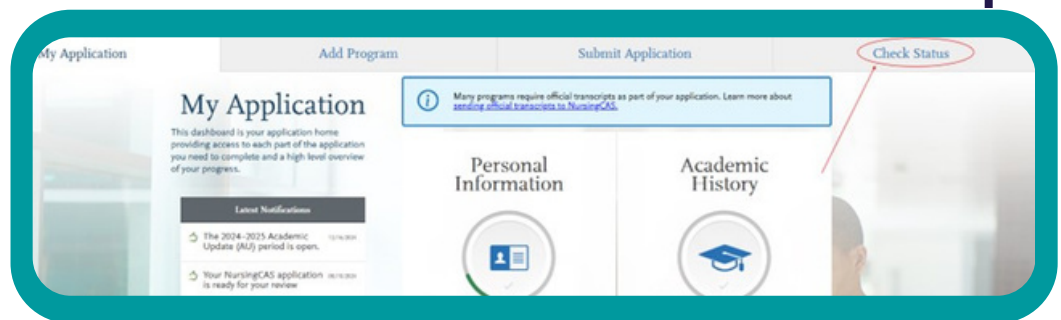

Yes, you can submit your application before your transcripts and/or references are received by NursingCAS, but you must make sure to allow time for processing.

Each school has a different process for reviewing applications. To avoid processing delays, it is important to avoid waiting until the last minute to submit your application.

Will NursingCAS update me on the status of my application?

Your application status for each program is listed in the Check Status section of the application. Check this section regularly after submitting your application to stay up-to-date.

Additionally, NursingCAS will notify you when official transcripts, references, and official test scores are received, and when verification is complete, if applicable.

When will I learn about admissions decisions? Did I get in?!

Keep an eye on the bell icon in the upper right-hand corner of your application for any updates about your application. NursingCAS does not render admissions decisions. You must contact your program(s) directly to learn about a school's admissions decision.
