NursingCAS™: An Overview

NursingCAS™, the Centralized Application Service for undergraduate and graduate nursing programs across the country, provides admissions offices with an improved way to recruit, enroll and admit best-fit students.

Participating institutions report that they are able to process applications more efficiently and effectively, while also expanding their marketing to reach new applicant pools. There is no cost to join NursingCAS; all training, software and support are free to school users/staff.

BENEFITS TO PARTICIPATING SCHOOLS

Facilitates faster and more effective processing of applications

Provides access to strategic admissions data, on-demand customizable reports, comparative data

Offers a customizable application that can include program-specific admissions requirements

Extends your staff with a dedicated support team that processes and verifies transcripts and other documents

Enables schools to market program offerings and open seats, offering additional exposure through a centralized portal

NURSINGCAS QUICK FACTS

NursingCAS charges the following processing fees to applicants:

Undergraduate Programs

$65 for the first undergraduate-level program and $50 for each additional program
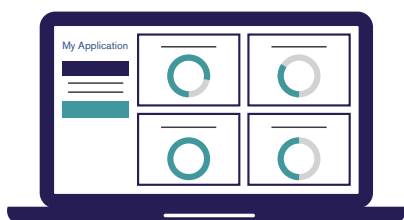

Graduate Programs

$85 for the first graduate-level program and $55 for each additional program

290+ participating AACN member schools across
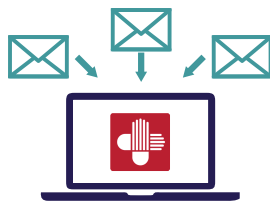

40+ states

NursingCAS™: An Overview

BENEFITS TO APPLICANTS

Streamlines the research of hundreds of nursing programs, allowing applicants to find the most suitable options

Simplifies the organization of application materials in one convenient location

Provides access to the NursingCAS service team, which is dedicated to responding to applicant phone calls, emails and chat

HERE'S WHAT SOME OF OUR MEMBERS ARE SAYING ABOUT NURSINGCAS:

"Implementing NursingCAS has significantly expanded our applicant pool by streamlining the application process and increasing national visibility. It has also improved data tracking and application management, allowing for more efficient admissions decisions. The centralized system has made it easier for prospective students across the country to discover and apply to our program. Additionally, NursingCAS has enhanced our data tracking capabilities overall.

- Southern Illinois University Edwardsville

"NursingCAS has developed a user-friendly platform that enables Edgewood College to create new programs and launch new application cycles with ease. This streamlined system enhances efficiency in managing admissions, allowing the college to adapt quickly to evolving educational needs.

- Edgewood College

"NursingCAS has streamlined our admissions process by centralizing application materials, which has improved efficiency and consistency in file review. It also provides valuable data insights that support enrollment planning and trend analysis across our nursing programs.

- Marymount University

"NursingCAS has streamlined our admissions process by centralizing applications, reducing administrative workload, and improving data accuracy. It has also enhanced our ability to track and analyze enrollment trends, enabling more informed strategic planning and recruitment efforts.

- Southern University and A&M College
